

To Whom It May Concern:

In reference to the changes being considered concerning LPFM I would like to submit the following statement. I have been listening to K-LOVE regularly for several years now, both here in Colorado where I live and also for several years when I lived in Arizona. It has always been a blessing to me, giving me comfort, strength and direction. Besides the help it is to me, K-LOVE is always playing the testimonials of other people from all over the US about how it has helped them. Other than a local talk radio station, KOA, K-LOVE is about the only station I listen to. They not only play a wide variety of music, but they also are very good about giving current and unbiased news reports about what is going on in the world. As a matter of fact, some of the news they report would not normally be heard on other secular stations.

I know I am not the only one around Lakewood that listens to K-LOVE. For many of us, the positive and inspirational programming K-LOVE provides it is what 'keeps us going' through the day. If K-LOVE were to be replaced by one of these LPFM stations, I for one would not be listening.

The ministry that K-LOVE has is timely and necessary in today's busy lifestyle. We are all getting busier as time goes on, and many of us don't have the time to just sit back and relax like we should. K-LOVE provides the escape we need through their programming. It might be while we're driving, or while we are at work, or doing housework. It doesn't matter. Having K-LOVE on as background noise or if we are listening to it directly gives us rest, strength and inspiration.

Please take these comments into consideration as you make your decision about LPFM. I know that it is inevitable that things change, but I hope and pray that K-LOVE is not one of the things that changes.

Sincerely,

Lawrence P. Spar
